PRESSURE GAUGES ACCESSORIES

- An essential instrument to know operating pressure or force.
- They help extend the service life of your systems, since they allow you to control their operating pressure.
- Pressure gauges calibrated both in bar and psi.
- All pressure-sensitive parts are sealed and cushioned with glycerine to extend their service life.

| REF. | Connection | Pressure Range |
|------|------------|----------------|
| | SERIES | |
| AM07 | 3/8" NPT | 0-700 bar |
| AM15 | 1/2" NPT | 0-1500 bar |
